PROFESSIONAL SUMMARY

Electronics and Communication Engineering graduate with experience in frontend development and hands-on practice in Python programming, MySQL, and database management. Skilled in developing responsive websites, dashboards, database-driven applications, CRUD operations, and API integrations using HTML, CSS, JavaScript, React.js, Python, and MySQL

TECHNICAL SKILLS

Programming: Python, JavaScript, SQL
Frontend: HTML, CSS, React.js, Responsive Web Design
Database: MySQL, CRUD Operations
Tools: Git, GitHub, Postman, REST APIs

PROFESSIONAL EXPERIENCE

Bloom IT Solutions — Frontend Developer | ***April 2025 – July 2025***

- Developed responsive websites and user-friendly interfaces using HTML, CSS, and JavaScript.
- Integrated frontend components with backend services and APIs.

AVNL – Heavy Vehicles Factory (HVF), Ministry of Defence — Engineering Graduate Apprentice | ***September 2025 – September 2026 | Chennai, India***

- Worked on Python and MySQL exercises involving database connectivity, product record management, and CRUD operations.
- Applied analytical thinking and debugging techniques to solve programming and database-related problem

---

PROJECTS

Raanvi – Organic Health Products Website with Admin and User Dashboards

- Developed responsive website pages and admin/user dashboards using frontend technologies, focusing on product presentation, dashboard interfaces, navigation, and user-friendly design.

Product Inventory Management System – Python and MySQL

- Developed a database-driven application to manage product records, stock quantities, and inventory details.
- Implemented CRUD operations to add, view, update, and delete product records using SQL queries.

EDUCATION

B.Tech in Electronics and Communication Engineering
Krishna University, Machilipatnam, Andhra Pradesh | April 2024 | CGPA: 8.22/10
